

Schedule of Fees and Charges Everyday Banking

Date of issue 1 April 2026

This fee schedule is effective as at the date of publication. It is subject to change at any time. This document must be read together with the Bank Orange Account & Access Facility Terms and Conditions brochure. These brochures form the Product Disclosure Statement for Bank Orange and are available online at bankorange.com.au

At Bank Orange, you will not be charged monthly account keeping fees on your transaction, savings or loan accounts. That is one of the many benefits to having membership with us.

We do, however, charge exception fees, which in most cases can be avoided by careful management of your account. Careful management includes checking your transaction account balances before making a purchase, not withdrawing or refinancing funds before their maturity date and more.

Effective from 1 August 2026 - To help our members manage their fees, **Bank Orange has introduced a cap of \$50 per month on transaction fees incurred**, in addition to the Relationship Rebate. This ensures that no member pays more than this set limit in transaction fees each month. If you need assistance with managing your fees, please contact our Member Banking team at 02 6362 4466 or email us at info@bankorange.com.au

Free Membership Services

- No monthly Visa Debit card fees
- Cash deposits in branch
- Internet Banking and Mobile App facilities including transfers between financial institutions, access to the NPP network, BPAY & direct debits and credits
- POS transactions where 'credit' is selected
- Contactless payment using physical card or digital wallet
- Loan account redraws

Minimising fees

- Fee-free Internet Banking, Mobile banking or Mobile App will allow you to check your balances even when you are away from our branch
- SMS banking or Mobile App can be done at the touch of a button for fast account balance enquiries on the go
- BPAY allows for a direct transfer of funds from your account to the biller's account via Internet Banking and the Mobile App.
- Set up your budget with a schedule for payments between your own accounts and to external payees on a regular basis or do them as a one-off.
- Direct debit allows for the biller (merchant) to debit your account on a regular basis. You will need to supply the biller with our BSB number (802-129) as well as the account number (or Alternate Reference Number) for the funds transfer.
- When you use EFTPOS, take cash out at the point of sale as well. That way, you'll minimise the number of ATM cash transactions you conduct in a month.
- Make Visa Debit payments by inserting your Visa Debit card and pressing the 'Credit' button on the terminal.

Stay Safe from scams and fraud

- Always confirm account details with the payee before sending funds, once funds have left your account it can be difficult to recall or dispute if sent to the wrong account number.
- Always check the confirmation of payment receipt before hitting “pay”
- Never send money to someone unknown to you.
- Never give out your OTP.
- Never give out internet banking login details.
- Do not give anyone access to your visa debit card or your card details.
- Do not give your pin number to anyone.
